## PORTFOLIO SCHOLARSHIP Scoring Guidelines

The Technical Element of the scoring refers to the applicant's drawing skill level. Also considered here is the applicant's ability in handling the media and the variety of media effectively used.

The Formal Element of the scoring refers to the applicant's demonstrated understanding of compositional organization and design principles.

The Content Element of the scoring refers to the applicant's unique vision and its presence in the work.

The Presentation Element of the scoring refers to the neatness, completeness and professional assemblage of the body of work.
