

O'More College Of Design Historic Franklin Tennessee

Anastasia Morozova

**All Proceeds from the President's Top-4 O'More Men's Event 2011
will go into Anastasia's Scholarship Fund**

Anastasia was born in 1989 in a small village in Ukraine. At nine years of age, while living in a Moldovan orphanage, she began studying art and found her passion. After spending nine years at the orphanage, Anastasia had the opportunity, through a local Franklin church, to come to America. She became a student at O'More two years ago. Because of her unique situation, the college and friends of the college have taken on the total financial responsibility for Anastasia's personal and academic life. Through various special events and generous gifts, we have been able to help her stay in America and continue her education. Anastasia is a Junior at O'More. She studies Fashion Design and continues to excel as a fine artist. We are blessed to have Anastasia as a part of the O'More Family. I hope you will help in some way with Anastasia's care and academic training.
