February 1, 2010

Dear Scholarship Applicant:

The Summer Studio at O'More College of Design engages 7th-12th grade students in digital media, design, and fine art, in order to introduce knowledge, expand their level of experience, and develop a heightened appreciation of these areas. Students, like you, are educated by professionals in the art and digital media fields, as well as seasoned art educators and professors, in the real-world application of aesthetics, design, and creativity as it applies to future employment in varying professions.

A diverse course schedule ranging from intermediate drawing and painting to fashion design to digital self-portraits enables you to craft a summer schedule tailored to your personal needs and interests. At the end of each session, you leave the Summer Studio with high quality art and design pieces worthy of a student portfolio. In addition, the Summer Studio culminates with a gallery event where you experience the privilege of having your work shown to others, and judges select the best overall pieces for scholarships, financial awards, and other prizes. Summer Studio at O'More is here to take you to the next level of art education and nurture your natural artistic talents and abilities into refined strengths.

We hope that you will take the time to complete a scholarship application for the 2010 program, and consider us your source for exemplary fine art and design learning experiences.

Sincerely,

Breckon D. Pennell
Program Director
